**Waterfront Access North
Stormwater Outfall and Coal Tunnel Modification Project
Burlington, VT**

Sealed bids for the Stormwater Outfall and Coal Tunnel Modification Project will be received from pre-qualified bidders at the office of the City of Burlington Department of Public Works at 645 Pine St, Burlington, VT 05401 **until 11:00 a.m. local time on October 16, 2013**, at which time all bids will be opened. Bids received after this time will not be accepted.

A non-mandatory pre-bid conference will be held for the project at 11:00 am prevailing time on October 8, 2013 at the office of the Department of Public Works, 645 Pine Street, Suite A, Burlington.

All questions should be directed to Erin Demers, Project Manager, (802) 865 . 5831, edemers@burlingtonvt.gov.

The Project area is the northern waterfront area and includes the land south of the Urban Reserve between the Lake Champlain shore and the railroad tracks, extending into the former electric transformer yard and east of the existing Moran Building.

Work to be performed under this project includes: Three new stormwater outfalls to Lake Champlain and demolition of the existing coal tunnel beneath the existing bike path. The work will include trenching and piping to up-gradient stormwater structures, filling the coal tunnel with controlled low strength material (CLSM, flowable fill), dewatering of trenches and the existing coal tunnel, ground water management as described by the Quality Assurance Project Plan (QAPP), and other incidental work.

The Contract shall be completed on or before December 15, 2013. For this Proposal the Engineers Estimate falls between \$100,000 and \$200,000.

The information for Bidders, Contract Documents & Contract Drawings may be examined at the following locations:
